POSTGRADUATE PROGRAMS**

FUTURE-PROOF YOUR DEGREE

Organisations of all types, in all industries, rely on sophisticated information systems. Future leaders must have an in-depth understanding of how to use data to inform their decision making.

The Information Systems specialisation facilitates the development of advanced skills that enable students to conduct business intelligence activities, and advise on organisational information requirements and information systems strategy.

The specialisation provides broad knowledge of business technologies and their impacts, to develop well-rounded Information Systems professionals. It will enable students to integrate their existing understanding of business with specific skills in:

- Data analytics
- Business process improvement
- Design of business information infrastructure
- Information systems audit

WHY STUDY INFORMATION SYSTEMS

- Modern businesses depend on information systems for their efficient operation
- Many careers – especially in accounting, finance and management – now require candidates to be able to interpret and manipulate data
- Data analytics skills are essential for evidence-based decision making
- Information systems design and strategy skills are crucial to ensure that businesses have an adequate information infrastructure
- The ability to understand, store, extract and manage data is essential for forensic and auditing purposes
- Business process analysis and improvement skills are in high demand as firms focus on improving efficiency in a competitive environment
- Understanding data privacy and cyber security is crucial for good governance

Career options

Business Information Systems skills are valuable for professionals working in a wide range of business roles. However, for those who want to pursue a career as an information systems professional, typical roles include:

- Information systems consultant, manager or auditor
- Business technology consultant
- Process, systems or data analyst

More information about UQ for International Students, including the study environment, links to estimated living costs, refund policies, support services, information for students with families, and your legal rights as an international student can be found at future-students.uq.edu.au

Research Electives

The Master of Commerce provides an opportunity for additional research electives (which may provide a pathway to research higher degree programs).

This equips you with the relevant knowledge to jumpstart or advance your chosen profession.

Students with a single major who are interested in proper research and have excellent grades need to make choices early in their degree if they wish to ask for permission to take these courses.

Exam information

Course code and title	BISM7202 Information Systems for Management
Semester	Semester 2, 2022
Exam type	Learn.UQ, invigilated, closed book, end-of-semester examination
Exam technology	Blackboard Test
Exam date and time	Refer to your personal exam timetable for the scheduled date and time of this exam. The examination duration from the time your proctor starts your examination will be: 2 hours 10 minutes including 10 minutes planning time
Exam window	At the time selected by you within the scheduled exam window, you will be required to connect to ProctorU. After an on-boarding process, your proctor will start the exam. You will then have the duration of the exam listed to complete your exam. Please note: It may take up to 30 minutes to connect you with a proctor, however your exam time does not start until your proctor starts your exam. Please note: You will not be able to access the examination after this time.
Permitted materials	<ul style="list-style-type: none"> • No calculators permitted • Hard-copy bilingual dictionary • Water in a clear plastic bottle with the label removed • Foam earplugs permitted (if you choose to use for noise reduction)

Who to contact	<p>Given the nature of this examination, responding to student queries and/or relaying corrections to exam content during the exam is not possible.</p> <p>If you experience any technical difficulties when connected to an invigilator, talk to your online invigilator via the webcam or chat functions. If the technical trouble cannot be resolved, you should ask for a copy of the chat, documenting any technical advice provided to support your request for a deferred exam.</p> <p>If your invigilator advises you to contact UQ or you experience any technical difficulties when not connected to an invigilator, contact the AskUs service for advice as soon as practicable:</p> <p>Chat: support.mysuq.edu.au/app/chat/chat_launch.jsp</p> <p>Phone: +61 7 3506 2615</p> <p>Email: examsupport@library.uq.edu.au</p> <p>You should also ask for an email documenting the advice provided so you can provide this to the course coordinator immediately at: s.akhlaghi@uq.edu.au</p>
Important exam condition information	<p>Academic integrity is a core value of the UQ community and as such high academic integrity expectations apply to all examinations, whether undertaken face-to-face or online.</p> <p>This means:</p> <ul style="list-style-type: none"> • This means you cannot cut-and-paste material other than your own work as answers. • You are not permitted to consult any other person – whether directly, online, or through any other means – about any aspect of this examination during the period that it is available. • If it is found that you have given or sought outside assistance with this examination, then that will be deemed to be cheating. <p>Undertaking this online examination deems your commitment to UQ's academic integrity pledge as summarised in the following declaration:</p> <p><i>"I certify that I have completed this examination in an honest, fair and trustworthy manner, that my submitted answers are entirely my own work, and that I have neither given nor received any unauthorised assistance on this examination".</i></p>

Before the exam

Make up your own study sheets for each seminar.

Each set of study sheets should summarise the reading, your class notes, and any handouts.

ALTHOUGH IN 2021 BISM7202 IS AN OPEN BOOK EXAM, You need to do a close-book exam in 2022 Semester 2.

<https://powcoder.com>

Add WeChat powcoder

During the exam

In an exam, ~~time~~ and ~~conciseness~~ are key.

Conciseness is still important – for a start, don't develop bad habits! Plus, your answer needs to be focussed and on point. **Word limits are enforced.**

Know how many minutes to assign to each mark. For example, BISM7202 is a 120 minute examination and 10 minutes allowed for reading time. It is worth 80 points. If you wanted to work on a 'point a minute', that gives you 40 minutes at the end to review the questions.

Remember, concise dot points are fine. If you are asked to 'discuss' or 'explain' you may prefer not to use dot points, though.

Grammatical problems or spelling errors do not matter! At least, not for marks.

Although - despite this, you will have access to all of the Word features of course and you should endeavour to make your answers as clear as possible.

During the exam

Read each question twice.

UNLIKE A NORMAL EXAM, YOU HAVE PLENTY OF TIME SO MAKE SURE YOU UNDERSTAND THE QUESTION.

Be very careful to answer the question that is asked. Plan your answer to meet the question that is asked, not the question you think is asked.

~~Keep your eye on the clock while taking the exam. Allow enough time to finish the entire test. Avoid focusing on one question and running out of time on others.~~

~~That is, watch the time & keep moving!~~

Exam Technique

Use reading time wisely.

Read the question. What do you have to do? Do that, don't provide a terrific answer to the **wrong question**. **Think** about how the question might be marked.

Marks for each area of the question are indicated

That is, Plan your Answer, don't just throw everything you can think of on the page and 'hope' – Word limits are enforced!

THIS IS PARTICULARLY IMPORTANT WITH A TAKE HOME EXAM

'Reason[s]' and 'Justify' vs 'Explain' vs 'List' vs 'Identify' vs 'Discuss'

Dot points are fine and recommended (spelling doesn't matter, but I do have to get your concepts).

The sample exam is a good guide!
